Flipped States	Based on this data, if fraudulent votes are removed, Trump would have actually won these states: Pennsylvania , Michigan , Wisconsin , Nevada , Arizona , Georgia , Minnesota , and thus retained the Presidency.
Potentially-Flipped States	It's also possible that Trump may have won additional close-call states if there was additional fraud such as cyber-attacks occurring: New Mexico , Virginia , Colorado , New Jersey , New Hampshire .
Close Calls	These states would still have likely been won by Biden, but may have been closer than what was reported: Washington , Oregon , Rhode Island , Connecticut , Hawaii .

If Americans do not come together,
To remove this Illegitimate POS,
We won't have anything left to save.
From political prisoners to Americans left behind in Afghanistan,
From stolen elections to the hiding the results of the Audit.
When will America see the big picture?
God help us
